

# Wine & Dining

***If I asked you when's the last time you told your significant other to get dressed up for a night on the town, what would be your answer? After a quick consultation, we'll start creating the perfect night on the town. Once completed, we'll send you the itinerary and all you have to do is show up.***

- *Date Night- We can plan 1 event or a full day out on the town. (Monthly & Quarterly Packages available)*
- *Hotel & Air BNB Concierge- Let me help create the perfect ambiance when you and your significant other walk into your hotel or Air BNB. We can set up with rose pedals, flowers, or whatever your heart desires.*
